NEIGHBORING PROJECTS

I-5 South County Improvement Project Avenida Pico to San Juan Creek Road

Construction is underway on the I-5 South County Improvement project. The 5.7-mile project will add a carpool lane in both directions on the I-5 freeway between Avenida Pico and San Juan Creek Road and reconstruct the interchange at Avenida Pico.

Crews have begun hauling dirt from behind k-rail on the I-5 freeway between PCH / Camino Las Ramblas and Avenida Pico to the La Pata Extension Project.

The dirt is being hauled via I-5, SR-74 and La Pata Avenue, and it will be used to grade the road that will connect the communities of San Juan Capistrano and San Clemente.

This work is expected to take place from 8 a.m. to 3:30 p.m., Monday through Friday for approximately five months (excluding major holidays). Please allow extra time to get to work or school and use caution while near the project areas.

For additional information about the project, visit www.octa.net/I-5Pico, and to view closure and detour information, [click here](#).

I-5 Ocean View Rehab Project

The Ocean View Rehab Project kicked off construction in October in San Diego County. The \$37.3 million project will replace the damaged concrete pavement slabs of the slow lane in each direction of the I-5 freeway between Oceanside and the San Diego / Orange County Line.

Motorists should expect delays during work hours and check Caltrans Quick Map at quickmap.dot.ca.gov for the latest freeway traffic information before leaving home. For additional information, please view the [project fact sheet](#).
